To be awarded the creditable service, the member shall contribute the regular employee and employer contributions that would have been made if the member had elected membership from the first date of service in that fiscal year, plus interest at the current actuarial assumed rate of investment return.

(2) A person who was employed in a capacity that would have been eligible for membership except for the fact that the person was employed for less than 30 days and who subsequently becomes an active member within the same fiscal year may purchase the first 30 days of service if the member contributes the employee and employer contributions that would have been made if the person had been a member from the first date of service in that fiscal year, plus interest at the current actuarial assumed rate of investment return.
