STATE PARTICIPATION IN

THE COMPACT

- (2) A member state shall:
- (a) participate fully in the compact commission's data system, including using the unique identifier as defined in rules;
 - (b) notify the compact commission, in compliance with the terms of the compact and rules, of any adverse action or the availability of current significant investigative information regarding a licensee;
 - (c) implement or utilize procedures for considering the criminal history record information of applicants for an initial compact privilege. These procedures must include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state's criminal records.
 - (i) A member state shall fully implement a criminal history record information requirement, within a time frame established by rule, that includes receiving the results of the federal bureau of investigation record search and shall use those results in determining compact privilege eligibility.
 - (ii) Communication between a member state and the compact commission or among member states regarding the verification of eligibility for a compact privilege may not include any information received from the federal bureau of investigation relating to a federal criminal history record information check performed by a member state.
 - (d) comply with and enforce the rules of the compact commission;

- (3) Member states may set and collect a fee for granting a compact privilege.
- (4) Individuals not residing in a member state may continue to be able to apply for a member state's single state license as provided under the laws of each member state. However, the single state license granted to these individuals may not be recognized as granting a compact privilege to engage in the practice of dietetics in any other member state.

(5) Nothing in this compact may affect the requirements established by a member state for the issuance of a single state license

(6) At no point may the compact commission have the power to define the requirements for the issuance of a single state license to practice dietetics. The member states shall retain sole jurisdiction over the provision of these requirements.

SECTION 4

COMPACT PRIVILEGE

(1) To exercise the compact privilege under the terms and provisions of the compact, the licensee:

(a) shall satisfy one of the following:

(i) hold a valid current registration that gives the applicant the right to use the term registered dietitian; or

(ii) complete all of the following:

(A) an education program that is either:

(I) a master's degree or doctoral degree that is programmatically accredited by (i) ACEND or (ii) a dietetics accrediting agency recognized by the United States department of education, which the compact commission may by rule determine, and from a college or university accredited at the time of graduation by the appropriate regional accrediting agency recognized by the council on higher education accreditation and the United States department of education; or

(II) an academic degree from a college or university in a foreign country equivalent to the degree described in subsection (1)(a) that is programmatically accredited by (i) ACEND or (ii) a dietetics accrediting agency recognized by the United States department of education, which the compact commission may by rule determine;

(B) a planned, documented, supervised practice experience in dietetics that is programmatically accredited by (i) ACEND or (ii) a dietetics accrediting agency recognized by the United States department of education, which the compact commission may by rule determine and which involves at least 1,000 hours of practice experience under the supervision of a registered dietitian or a licensed dietitian; and

(C) successful completion of either (i) the registration examination for dietitians administered by CDR or (ii) a national credentialing examination for dietitians approved by the compact commission by rule,

such completion being no more than 5 years prior to the date of the licensee's application for initial licensure and accompanied by a period of continuous licensure thereafter, all of which may be further governed by the rules of the compact commission;

(b) must hold an unencumbered license in the home state;

(c) shall notify the compact commission that the licensee is seeking a compact privilege within a remote state(s);

(e) shall meet any jurisprudence requirements established by the remote state(s) in which the licensee is seeking a compact privilege; and

(f) shall report to the compact commission any adverse action, encumbrance, or restriction on a license taken by any nonmember state within 30 days from the date the action is taken.

(2) The compact privilege is valid until the expiration date of the home state license. To maintain a compact privilege, renewal of the compact privilege must be congruent with the renewal of the home state license as the compact commission may define by rule. The licensee must comply with the requirements of section 4(1) to maintain the compact privilege in the remote state(s).

(3) A licensee exercising a compact privilege shall adhere to the laws and regulations of the remote state. Licensees must be responsible for educating themselves on and complying with any and all state laws relating to the practice of dietetics in such remote state.

(4) Notwithstanding anything to the contrary provided in this compact or state law, a licensee exercising a compact privilege may not be required to complete continuing education requirements required by a remote state. A licensee exercising a compact privilege is only required to meet any continuing education requirements as required by the home state.

SECTION 5

OBTAINING A NEW HOME STATE LICENSE

BASED ON A COMPACT PRIVILEGE

(1) A licensee may hold a home state license, which allows for a compact privilege in other member states, in only one member state at a time.

(2) If a licensee changes the home state by moving between two member states:

(a) the licensee shall file an application for obtaining a new home state license based on a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with the rules of the compact commission;

(b) upon receipt of an application for obtaining a new home state license by virtue of a compact privilege, the new home state shall verify that the licensee meets the criteria in section 4 via the data system and require that the licensee complete the following:

- (i) a federal bureau of investigation fingerprint-based criminal history record information check;
- (ii) any other criminal history record information required by the new home state; and
- (iii) any jurisprudence requirements of the new home state;

(c) the former home state shall convert the former home state license into a compact privilege once the new home state has activated the new home state license in accordance with applicable rules adopted by the compact commission;

(d) notwithstanding any other provision of this compact, if the licensee cannot meet the criteria in section 4, the new home state may apply its requirements for issuing a new single state license; and

(e) the licensee shall pay all applicable fees to the new home state in order to be issued a new home state license.

(3) If a licensee changes their state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, the state criteria must apply for issuance of a single state license in the new state.

(4) Nothing in this compact may interfere with a licensee's ability to hold a single state license in multiple states; however, for the purposes of this compact, a licensee may have only one home state license.

(5) Nothing in this compact may affect the requirements established by a member state for the issuance of a single state license.

SECTION 6

ACTIVE MILITARY MEMBERS

OR THEIR SPOUSES

An active military member or their spouse shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the

service member is on active duty.

SECTION 7

ADVERSE ACTIONS

(1) In addition to the other powers conferred by state law, a remote state may have the authority, in accordance with existing state due process law, to:

(a) take adverse action against a licensee's compact privilege within that member state; and

(b) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing authority in a member state for the attendance and testimony of witnesses or the production of evidence from another member state must be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure applicable to subpoenas issued in proceedings pending before that court. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

(2) Only the home state may have the power to take adverse action against a licensee's home state license.

(3) For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

(4) The home state shall complete any pending investigations of a licensee who changes home states during the course of the investigations. The home state may also have authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the data system shall promptly notify the new home state of any adverse actions.

(5) A member state, if otherwise permitted by state law, may recover from the affected licensee the costs of investigations and dispositions of cases resulting from any adverse action taken against that licensee.

(6) A member state may take adverse action based on the factual findings of another remote state, provided that the member state follows its own procedures for taking the adverse action.

(7) Joint investigations:

(a) In addition to the authority granted to a member state by its respective state law, any member

state may participate with other member states in joint investigations of licensees.

(b) Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the compact.

(8) If adverse action is taken by the home state against a licensee's home state license resulting in an encumbrance on the home state license, the licensee's compact privilege(s) in all other member states must be revoked until all encumbrances have been removed from the home state license. All home state disciplinary orders that impose adverse action against a licensee must include a statement that the licensee's compact privileges are revoked in all member states during the pendency of the order.

(9) Once an encumbered license in the home state is restored to an unencumbered license as certified by the home state's licensing authority, the licensee must meet the requirements of section 4(1) and follow the administrative requirements to reapply to obtain a compact privilege in any remote state.

(10) If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the other member states of any adverse actions.

(11) Nothing in this compact may override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

SECTION 8

The procurement of insurance of any type by the compact commission may not in any way compromise or limit the immunity granted hereunder.

(ii) The compact commission shall defend any member, officer, executive director, employee, and representative of the compact commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of compact commission employment, duties, or responsibilities, or as determined by the compact commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities; provided that nothing herein may be construed to prohibit that person from retaining their own counsel at their own expense; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

(iii) The compact commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the compact commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of compact commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of compact commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

(iv) Nothing herein may be construed as a limitation on the liability of any licensee for professional malpractice or misconduct, which must be governed solely by any other applicable state laws.

(v) Nothing in this compact may be interpreted to waive or otherwise abrogate a member state's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other state or federal antitrust or anticompetitive law or regulation.

(iv) Nothing in this compact may be construed to be a waiver of sovereign immunity by the member states or by the compact commission.

SECTION 9

DATA SYSTEM

(1) The compact commission shall provide for the development, maintenance, operation, and utilization of a coordinated data system.

(2) The compact commission shall assign each applicant for a compact privilege a unique identifier, as determined by the rules.

(3) Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this compact is applicable as required by the rules of the compact commission, including:

- (a) identifying information;
- (b) licensure data;
- (c) adverse actions against a license or compact privilege and information related thereto;
- (d) nonconfidential information related to alternative program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential

under member state law;

- (e) any denial of application for licensure, and the reason(s) for such denial;
- (f) the presence of current significant investigative information; and
- (g) other information that may facilitate the administration of this compact or the protection of the

public, as determined by the rules of the compact commission.

(4) The records and information provided to a member state pursuant to this compact or through the data system, when certified by the compact commission or an agent thereof, must constitute the authenticated business records of the compact commission, and must be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a member state.

(5) Current significant investigative information pertaining to a licensee in any member state must only be available to other member states.

(6) It is the responsibility of the member states to report any adverse action against a licensee and to monitor the data system to determine whether any adverse action has been taken against a licensee. Adverse action information pertaining to a licensee in any member state must be available to any other member state.

(7) Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

(8) Any information submitted to the data system that is subsequently expunged pursuant to federal law or the laws of the member state contributing the information must be removed from the data system.

SECTION 10

RULEMAKING

(1) The compact commission shall promulgate reasonable rules in order to effectively and efficiently implement and administer the purposes and provisions of the compact. A rule must be invalid and have no force or effect only if a court of competent jurisdiction holds that the rule is invalid because the compact commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the compact or the powers granted hereunder or based upon another applicable standard of review.

(2) The rules of the compact commission must have the force of law in each member state, provided however that where the rules conflict with the laws or regulations of a member state that relate to the

procedures, actions, and processes a licensed dietitian is permitted to undertake in that state and the circumstances under which they may do so, as held by a court of competent jurisdiction, the rules of the compact commission must be ineffective in that state to the extent of the conflict.

(3) The compact commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules must become binding on the day following adoption or as of the date specified in the rule or amendment, whichever is later.

(4) If a majority of the legislatures of the member states rejects a rule or portion of a rule by enactment of a statute or resolution in the same manner used to adopt the compact within 4 years of the date of adoption of the rule, then such rule must have no further force and effect in any member state.

(5) Rules must be adopted at a regular or special meeting of the compact commission.

(6) Prior to adoption of a proposed rule, the compact commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

(7) Prior to adoption of a proposed rule by the compact commission and at least 30 days in advance of the meeting at which the compact commission will hold a public hearing on the proposed rule, the compact commission shall provide a notice of proposed rulemaking:

(a) on the website of the compact commission or other publicly accessible platform;

(b) to persons who have requested notice of the compact commission's notices of proposed rulemaking; and

(c) in such other way(s) as the compact commission may by rule specify.

(8) The notice of proposed rulemaking must include:

(a) the time, date, and location of the public hearing at which the compact commission will hear public comments on the proposed rule and, if different, the time, date, and location of the meeting where the compact commission will consider and vote on the proposed rule;

(b) if the hearing is held via telecommunication, video conference, or other means of communication, the compact commission shall include the mechanism for access to the hearing in the notice of proposed rulemaking;

(c) the text of the proposed rule and the reason therefore;

(d) a request for comments on the proposed rule from any interested person; and

(e) the manner in which interested persons may submit written comments.

(9) All hearings must be recorded. A copy of the recording and all written comments and documents received by the compact commission in response to the proposed rule must be available to the public.

(10) Nothing in this section may be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the compact commission at hearings required by this section.

(11) The compact commission shall, by majority vote of all members, take final action on the proposed rule based on the rulemaking record and the full text of the rule.

(a) The compact commission may adopt changes to the proposed rule provided the changes do not enlarge the original purpose of the proposed rule.

(b) The compact commission shall provide an explanation of the reasons for substantive changes made to the proposed rule as well as reasons for substantive changes not made that were recommended by commenters.

(c) The compact commission shall determine a reasonable effective date for the rule. Except for an emergency as provided in section 10(12), the effective date of the rule must be no sooner than 30 days after issuing the notice that it adopted or amended the rule.

(12) Upon determination that an emergency exists, the compact commission may consider and adopt an emergency rule with 24 hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the compact and in this section must be retroactively applied to the rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

(a) meet an imminent threat to public health, safety, or welfare;

(b) prevent a loss of compact commission or member state funds;

(c) meet a deadline for the promulgation of a rule that is established by federal law or rule; or

(d) protect public health and safety.

(13) The compact commission or an authorized committee of the compact commission may direct revision to a previously adopted rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision must be posted on the website of the compact

commission. The revision must be subject to challenge by any person for a period of 30 days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing and delivered to the compact commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the compact commission.

- (14) No member state's rulemaking requirements may apply under this compact.

SECTION 11

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

- (1) Oversight:

(a) The executive and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to implement this compact.

(b) Except as otherwise provided in this compact, venue is proper and judicial proceedings by or against the compact commission must be brought solely and exclusively in a court of competent jurisdiction where the principal office of the compact commission is located. The compact commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein may affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

(c) The compact commission must be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the compact and must have standing to intervene in such a proceeding for all purposes. Failure to provide the compact commission service of process must render a judgment or order void as to the compact commission, this compact, or promulgated rules.

- (2) Default, technical assistance, and termination:

(a) If the compact commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the compact commission shall provide written notice to the defaulting state. The notice of default must describe the default, the proposed means of curing the default, and any other action that the compact commission may take and must offer training and specific technical assistance regarding the default.

(b) The compact commission shall provide a copy of the notice of default to the other member states.

(3) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the delegates of the member states, and all rights, privileges, and benefits conferred on that state by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(4) Termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the compact commission to the governor, the majority and minority leaders of the defaulting state's legislature, the defaulting state's licensing authority, and each of the member states' licensing authority.

(5) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(6) Upon the termination of a state's membership from this compact, that state shall immediately provide notice to all licensees within that state of such termination. The terminated state shall continue to recognize all compact privileges granted pursuant to this compact for a minimum of 6 months after the date of said notice of termination.

(7) The compact commission may not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the compact commission and the defaulting state.

(8) The defaulting state may appeal the action of the compact commission by petitioning the U.S. district court for the District of Columbia or the federal district where the compact commission has its principal offices. The prevailing party must be awarded all costs of such litigation, including reasonable attorney fees.

(9) Dispute resolution:

(a) Upon request by a member state, the compact commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The compact commission shall promulgate a rule providing for both mediation and binding

dispute resolution for disputes as appropriate.

(10) Enforcement:

(a) By supermajority vote, the compact commission may initiate legal action against a member state in default in the United States district court for the District of Columbia or the federal district where the compact commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party must be awarded all costs of such litigation, including reasonable attorney fees. The remedies herein may not be the exclusive remedies of the compact commission. The compact commission may pursue any other remedies available under federal or the defaulting member state's law.

(b) A member state may initiate legal action against the compact commission in the U.S. District court for the District of Columbia or the federal district where the compact commission has its principal offices to enforce compliance with the provisions of the compact and its promulgated rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party must be awarded all costs of such litigation, including reasonable attorney fees.

(c) No party other than a member state may enforce this compact against the compact commission.

SECTION 12

EFFECTIVE DATE, WITHDRAWAL,

AND AMENDMENT

(1) The compact must come into effect on the date on which the compact statute is enacted into law in the seventh member state.

(a) On or after the effective date of the compact, the compact commission shall convene and review the enactment of each of the first seven member states ("charter member states") to determine if the statute enacted by each such charter member state is materially different than the model compact statute.

(i) A charter member state whose enactment is found to be materially different from the model compact statute must be entitled to the default process set forth in section 11.

(ii) If any member state is later found to be in default, or is terminated, or withdraws from the

compact, the compact commission shall remain in existence and the compact must remain in effect even if the number of member states should be less than seven.

(b) Member states enacting the compact subsequent to the seven initial charter member states must be subject to the process set forth in section 8(3)(u) to determine if their enactments are materially different from the model compact statute and whether they qualify for participation in the compact.

(c) All actions taken for the benefit of the compact commission or in furtherance of the purposes of the administration of the compact prior to the effective date of the compact or the compact commission coming into existence must be considered to be actions of the compact commission unless specifically repudiated by the compact commission.

(d) Any state that joins the compact subsequent to the compact commission's initial adoption of the rules and bylaws must be subject to the rules and bylaws as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the compact commission must have the full force and effect of law on the day the compact becomes law in that state.

(2) Any member state may withdraw from this compact by enacting a statute repealing the same.

(a) A member state's withdrawal may not take effect until 180 days after enactment of the repealing statute.

(b) Withdrawal may not affect the continuing requirement of the withdrawing state's licensing authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

(c) Upon the enactment of a statute withdrawing from this compact, a state shall immediately provide notice of such withdrawal to all licensees within that state. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing state shall continue to recognize all compact privileges granted pursuant to this compact for a minimum of 180 days after the date of such notice of withdrawal.

(3) Nothing contained in this compact may be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

(4) This compact may be amended by the member states. No amendment to this compact may become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 13

CONSTRUCTION AND SEVERABILITY

(1) This compact and the compact commission's rulemaking authority must be liberally construed so as to effectuate the purposes and the implementation and administration of the compact. Provisions of the compact expressly authorizing or requiring the promulgation of rules may not be construed to limit the compact commission's rulemaking authority solely for those purposes.

(2) The provisions of this compact must be severable and if any phrase, clause, sentence, or provision of this compact is held by a court of competent jurisdiction to be contrary to the constitution of any member state, a state seeking participation in the compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this compact and the applicability thereof to any other government, agency, person, or circumstance may not be affected thereby.

(3) Notwithstanding section 13(2), the compact commission may deny a state's participation in the compact or, in accordance with the requirements of section 11(2), terminate a member state's participation in the compact, if it determines that a constitutional requirement of a member state is a material departure from the compact. Otherwise, if this compact must be held to be contrary to the constitution of any member state, the compact must remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

SECTION 14

CONSISTENT EFFECT AND CONFLICT

WITH OTHER STATE LAWS

(1) Nothing herein may prevent or inhibit the enforcement of any other law of a member state that is not inconsistent with the compact.

(2) Any laws, statutes, regulations, or other legal requirements in a member state in conflict with the compact are superseded to the extent of the conflict.

(3) All permissible agreements between the compact commission and the member states are binding in accordance with their terms.

Section 2. Criminal background check. (1) Each applicant for licensure shall submit a full set of the applicant's fingerprints to the board for the purpose of obtaining a state and federal criminal history background check.

(2) Each license applicant is responsible to pay all fees charged in relation to obtaining the state and federal criminal history background check.

(3) The board may require a licensee renewing a license to submit a full set of the licensee's fingerprints to the board for the purpose of obtaining a state and federal criminal history background check.

(4) The Montana department of justice may share the fingerprint data obtained under subsection (1) or (3) with the federal bureau of investigation.

Section 3. Codification instruction. (1) [Section 1] is intended to be codified as a new part of Title 37, chapter 25, and the provisions of Title 37, chapter 25, apply to [section 1].

(2) [Section 2] is intended to be codified as an integral part of Title 37, chapter 25, part 3, and the provisions of Title 37, chapter 25, part 3, apply to [section 2].

Section 4. Contingent effective date. [This act] is effective on the date that the compact has been legislatively enacted into law by the seventh member state. The department of labor and industry shall notify the code commissioner within 15 days of the occurrence of the contingency.
