General Fund (01	)	\$0	\$	\$0	\$0
Net Impact General Fund Ba	alance	\$0	\$	\$0	\$0

### Description of fiscal impact

HB 670 designates unused customer generated kilowatt hours to the existing accounts established under 69-8-412, MCA. As the funds are in addition to an already established process and fund account, there should be no additional impact programmatically or fiscally.

#### FISCAL ANALYSIS

## Assumptions

### Department of Environmental Quality

Section 2 of the bill requires that any unused kilowatt-hour credits granted to a public utility by a net
metering customer must be credited to the fund established in 69-8-412(1)(b), MCA. Currently, unused
kilowatt-hour credits generated by a customer are transferred to the public utility. HB 670 does not change
the allocation of funding to DEQ.

### Department of Public Health and Human Services

2. HB 670 designates unused customer generated kilowatt hours to the existing accounts established under 69-8-412, MCA. As the funds are in addition to an already established process and fund account, there should be no additional impact programmatically or fiscally.
