FISCAL ANALYSIS

Assumptions

Public Employees Retirement Board

- SB 316 adds a line of duty disability in the MPORS and FURS systems.
- A member of MPORS or FURS who becomes disabled as a direct result of a member's service in the line of duty will receive a line of duty disability benefit calculated as:
 - Before completing 20 years of membership service, a benefit equal to one-half of the members final average compensation;
 - After completing 20 years or more of membership service, a benefit equal to 2.5% of the member's highest or final average compensation for each year of service credit accrued.
- The line of duty disability benefit formula in MPORS and FURS would remain the same as the current disability statute in each plan and therefore, there is no fiscal impact to either plan.
- The effective date of this act is January 1, 2026.
