FISCAL ANALYSIS

Assumptions

Office of Public Instruction

1. SB 37 amends section 20-9-166(2)(a), MCA, to add language to specify that enrollment increases must be calculated separately for each budget unit of a school district.
2. The functioning unit of funding for school districts is the budget unit as defined in section 20-9-306(7), MCA. Under past statute the mechanisms associated with unusual enrollment increases in 20-9-166 & 20-9-314, MCA, operate using the budget unit as the functioning units in the associated formulas. This aligns statute with the technical clean up notation #2 on the fiscal note for HB 36 (2023 Session).
